

Transit Parking at St. Albert Centre Exchange

The management of St. Albert Centre has generously offered to allow parking for transit passengers on its grounds in the **designated areas only** identified on the map below. St. Albert Transit thanks the mall management for their continued cooperation. If you park at the mall, please park in the stalls identified for transit customers, and do not park in portions of the lot designated for mall customers and staff.

Effective September 2, 2014, any transit passengers parked within the restricted area identified on the map will be ticketed. St. Albert Transit is not responsible for tickets issued for private property violations.

Though Park & Ride is a convenient option, we encourage you to use local routes, where possible, to avoid disappointment if parking is not available. Local routes will take you to the Nakî Transit Centre or St. Albert Centre Exchange, with reliable onward connections to commuter destinations.

St. Albert Transit thanks you for your cooperation in this matter and for respecting surrounding private property.

For local route scheduling and information, please visit our website at ridestat.ca or call **780-418-6060**.
